Subject: Re: Gulfco

Bill:

Thank you for acknowledging receipt of the Unilateral Administrative Order for Remedial Investigation and Feasibility Study. Due to the fact that the Respondents acknowledge email receipt of the UAO for RI/FS, the potential UAO conference is scheduled for Thursday, June 16 at 10:00a.m. If the Respondents cannot meet at that time, another time may be requested.

EPA is pursuing an UAO for RI/FS in order to cleanup the Gulfco Site. The Respondents' technical person can meet with EPA's technical person regarding an investigation plan for the Gulfco Superfund Site.

There is one clarification regarding the UAO for the RI/FS for the Gulfco Superfund Site. Please disregard Sentence 5 of Paragraph 31 which references Parker Drilling Company. Parker Drilling is not a Respondent to the Order. Parker Drilling's liability is currently under review. At this time, EPA does not have enough information to support naming Parker as a Respondent to the UAO for RI/FS. If Parker's status changes, EPA will inform the Respondents.

If you have any questions, please contact me at the number listed below.
